

**U.S. Chemical Safety and  
Hazard Investigation Board**

# **Public Meeting**

- **Wednesday, January 13, 2016**
- **5 PM to 10 PM PST**
- **Torrance City Hall Council Chamber, 3031 Torrance Boulevard,  
Torrance, CA.**

You are invited to attend this public meeting focusing on the US Chemical Safety Board's (CSB) investigation of the incident at the ExxonMobil refinery in Torrance in February 2015. At the meeting, the Board and public will hear from agency staff about preliminary findings and future investigation plans. There will be time for public comments. The Board and public will also discuss with a panel of experts California's draft oil refinery safety reforms.

During the February 2015 incident, two workers were injured after a hydrocarbon explosion in a pollution control process.

➔ Meeting pre-registration is not required, but to ensure seating please pre-register by emailing your name and affiliation to [meeting@csb.gov](mailto:meeting@csb.gov). The meeting will also be webcast live. Visit [www.csb.gov](http://www.csb.gov) closer to the meeting for details.

CSB is an independent federal agency charged with investigating serious chemical incidents to find their root causes. CSB does not issue citations or fines but makes safety recommendations to companies, industry and labor organizations, and regulatory agencies such as OSHA and EPA. CSB Board Members are appointed by the President and confirmed by the US Senate. For more information, please contact Public Affairs Specialist Shauna Lawhorne at [public@csb.gov](mailto:public@csb.gov) or call (202) 384-2839.
