BROADCASTING BOARD OF GOVERNORS

Proposed Collection Reinstatement; Comment Request

AGENCY: The Broadcasting Board of Governors.

ACTION: Proposed collection reinstatement; comment request.

SUMMARY: The Broadcasting Board of Governors (BBG), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on an information collection titled, "Interviews and Other Audience Research for Radio and TV Marti." This request for comment is being made pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104-13; 44 U.S.C. 3506(c)(2)(A)).

The information collection activity involved with this program is conducted pursuant to the mandate given to the BBG (formerly the United

States Information Agency) in accordance with Pub. L. 98-11, the Radio Broadcasting to Cuba Act, dated, October 4, 1983, to provide for the broadcasting of accurate information to the people of Cuba and for other purposes. This act was then amended by Pub. L. 101-246, dated, February 16, 1990, which established the authority for TV Marti.

DATES: Comments must be submitted on or before October 28, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Jeannette Giovetti, the BBG Clearance Officer, BBG, M/AO, Room 1657A-1, 330 Independence Avenue, SW., Washington, DC 20237, telephone (202) 205-9692, e-mail address JGiovett@IBB.GOV.

Copies: Copies of the Request for Clearance (OMB 83-1), supporting statement, and other documents that will be submitted to OMB for approval may be obtained from the BBG Clearance Officer.

SUPPLEMENTARY INFORMATION: Public reporting burden for this proposed collection of information is estimated to average 30 minutes (.50 of an hour) per response for field survey respondents (700), and 240 minutes (4 hours) for Focus Group Study respondents (48), including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Responses are voluntary and respondents will be required to respond only one time. Comments are requested on the proposed information collection concerning:

(a) Whether the proposed collection of information is necessary for the proper performance of the agency, including whether the information has practical utility;

(b) The accuracy of the Agency's burden estimates;

(c) Ways to enhance the quality, utility, and clarity of the information collected; and

(d) Ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Send comments regarding this burden estimate or any other aspect of this collection of information to Ms. Jeannette Giovetti, the BBG Clearance Officer, BBG, M/AO, Room 1657A-1, 330 Independence Avenue, SW, Washington, D.C. 20237, telephone (202) 205-9692, e-mail address JGiovett@IBB.GOV.

Current Actions: BBG is requesting reinstatement of this collection for a

three-year period and approval for a revision to the burden hours.

Title: Interviews and Other Audience Research for Radio and TV Marti.

Abstract: Data from this information collection are used by BBG's Office of Cuba Broadcasting (OCB) in fulfillment of its mandate to evaluate effectiveness of Radio and TV Marti operations by estimating the audience size and composition for broadcasts; and assess signal reception, credibility and relevance of programming through this research.

Proposed Frequency of Responses:
 No. of Respondents—700 Field Study + 48 Group Study = 748
 Recordkeeping Hours—.50 Field Study + 4 Group Study = (350) + (192) = Total Annual Burden—542

Dated: August 25, 2003.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting

In connection with its investigation into the cause of a deadly flash fire at an oilfield waste recovery facility south of Houston, which killed two workers and injured three others on Monday, January 13, 2003, the United States Chemical Safety and Hazard Investigation Board announces that it will convene a Public Meeting beginning at 9:30 am local time on September 17, at the George Washington University Conference Center's Third Floor Amphitheater, 800 21st Street, NW., Washington, DC.

The accident occurred at the BLSR Operating Ltd. petroleum storage and separation facility on Route 521 in Rosharon, TX. The CSB is an independent federal agency charged with determining root causes of chemical accidents and making recommendations to prevent their recurrence.

The CSB will also hear presentation on a case study on a hydrogen sulfide exposure incident that occurred December 11, 2002 at the Environmental Enterprises, Inc. facility in Cincinnati, Ohio. One injury was reported. Using the incorrect vessel for waste treatment caused the hydrogen sulfide exposure.

At the meeting CSB staff will present to the Board the results of their investigations into these incidents, including an analysis of the incident together with a discussion of the key

findings, root and contributing causes, and draft recommendations.

Recommendations are issued by a vote of the Board and address an identified safety deficiency uncovered during the investigation, and specify how to correct the situation. Safety recommendations are the primary tool used by the Board to motivate implementation of safety improvements and prevent future incidents. The CSB uses its unique independent accident investigation perspective to identify trends or issues that might otherwise be overlooked. CSB recommendations may be directed to corporations, trade associations, government entities, safety organizations, labor unions and others.

After the staff presentation, the Board will allow a time for public comment. Following the conclusion of the public comment period, the Board will consider whether to vote to approve the final report and recommendations. When a report and its recommendations are approved, this will begin CSB's process for disseminating the findings and recommendations of the report not only to the recipients of recommendations but also to other public and industry sectors. The CSB believes that this process will ultimately lead to the adoption of recommendations and the growing body of safety knowledge in the industry, which, in turn, should save future lives and property.

All staff presentations are preliminary and are intended solely to allow the Board to consider in a public forum the issues and factors involved in this case. No factual analyses, conclusions or findings should be considered final. Only after the Board has considered the staff presentation and approved the staff report will there be an approved final record of this incident.

The meeting will be open to the public. Please notify CSB if a translator or interpreter is needed, at least 5 business days prior to the public meeting. For more information, please contact the Chemical Safety and Hazard Investigation Board at (202)-261-7600, or visit our Web site at: <http://www.csb.gov>.

Christopher W. Warner,
General Counsel.

Foreign-Trade Zones Board

[Order No. 1279]

Grant of Authority for Subzone Status; Ricoh Electronics, Inc. Manufacturing Facilities (Copier, Printer, Thermal Paper, and Related Products), Orange County, CA

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for “ * * * the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs ports of entry;

Whereas, the Board's regulations (15 CFR part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved; and when the activity results in a significant public benefit and is in the public interest;

Whereas, the Board of Harbor Commissioners of the City of Long Beach, grantee of Foreign-Trade Zone 50, has made application to the Board for authority to establish special-purpose subzone status at the copier, printer, thermal paper, and related products manufacturing facilities of Ricoh Electronics, Inc., located at sites in the Orange County, California area, (FTZ Docket 52-2002, filed November 19, 2002);

Whereas, notice inviting public comment has been given in the **Federal Register** (67 FR 72641, 12/06/2002; amended, 68 FR 9973, 3/03/2003); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations would be satisfied, and that approval of the application, as amended, would be in the public interest, if approval, with respect to thermal paper, were subject to the time limit described below;

Now, Therefore, the Board hereby grants authority for subzone status at the copier, printer, thermal paper, and related products manufacturing plant of Ricoh Electronics, Inc., located at sites in the Orange County, California, area (Subzone 50J), at the locations described in the application, subject to the FTZ Act and the Board's regulations,

including section 400.28. Further, the approval for manufacturing of thermal paper under zone procedures is limited to an initial period of four years (from activation), subject to extension upon review.

Signed at Washington, DC, this 14th day of August 2003.

James J. Jochum,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.
