

**United States Chemical Safety and Hazard  
Investigation Board  
Board Action Report**

**Notation No 39:**

1. Whereas, the Board has determined that the Chief Operating Officer shall periodically brief the full Board on budget matters, and
2. Whereas, during this interim governance period contracts involving over \$10,000 shall be brought to the attention of the Board,
3. Whereas, given the departure of two personnel in the Division of Information Technology, and a review of the division budget, certain funds need to be moved to other activities resulting in an overall cost savings to the Government, and
4. Whereas, the transfer of certain administrative activities to the Bureau of Public Debt as well as the addition of new duties will increase costs from the figures originally forecast.

Therefore, the Board having been fully briefed on these budgetary matters involving information technology and administrative issues on April 25, 2000, hereby authorizes the Chief Operating Officer to continue to contract and expend CSB funds as proposed.

**Approval Date:** April 26, 2000
