CSB-2018-000008	Horowitz, Jay (Yair)	<p>This is a request for records under the Freedom of Information Act. It is similar to and also differs significantly from request R17-054. I request an electronic copy of the records described below:</p> <p>Background: CSB has created a number of animated videos depicting various industrial incidents. I am fairly certain that I have viewed all that are publicly available. In certain of those videos CSB includes a portion of CCTV, surveillance, or other motion picture footage of the actual incident. Related, CSB has posted online a number of videos which consist solely of non-animated incident footage. Of those, some are posted to YouTube as "unlisted" and are only available to viewers who have the video URL. (Video links to some unlisted videos are available on the CSB website, though no mention is made of the videos privacy settings.)</p> <p>I request an electronic copy, in the highest resolution available, of all incident video footage in possession of the Chemical Safety Board. Please include:</p> <p>Hyperlinks to all "Unlisted" CSB YouTube videos</p> <p>All CSB videos which have ever been posted to YouTube as "private" and which are currently not publicly available</p> <p>Any and all non-animated footage used in the creation of all CSB animated videos</p> <p>Any and all video footage capturing incidents, accidents, spills, releases, etc. which CSB has been made aware of or investigated. I request such footage even if the event it depicts was ultimately determined to not be within the purview of CSB.</p> <p>Please include all incident and incident-related videos created or received by CSB employees in the course of their employment, whether through the use of government-issued or personal devices, as well as any digital media received by CSB, such as CCTV or surveillance video files. Due to the nature of the incidents investigated by CSB it is highly probable that responsive records are maintained on personal computers, personal electronic devices, and private email servers... I also smell a different kind of chemical in our water. These smells are causing headaches, throat burning, as well as a nauseous feeling. If there are no files about this area. Then I need assistance on getting this area checked out as soon as possible. I reported this to the state epa and the local as well. I was told there were permits broken in regards to the sewerage. I also spoke with a lab guy who made a meeting with the land lord here, but the landlord conveniently backed out when he came in contact with someone who had the covid. I'm not sure if this comes from agricultural runoff or leaking underground storage tanks, but something is very off around here and it's very bad for our well being as well as the development and well being of our children. CSB-2023-000164	Eswaraiah Lalithamma, Darshan	I'm writing regarding a property, Cypress Ave, Sunnyvale, CA - 94085. I wanted to check on if any tests were done at the above address since its located .25-.5 miles of the Tri-site superfund area as indicated by: <a href="https://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000005145">https://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T10000005145</a> . It seems to be outside the offsite OU area identified North of the tri-site superfund site, but wanted to confirm if any tests were done to verify. Is there any other chemical exposure we should be aware of in the above address? Is there a machine/tester that we can buy to periodically check for any signs of contamination? Or a way to get the test done by a 3rd party to make sure its safe. This is of high importance as we have a toddler.	06/08/2023	8/30/2024	No Records	-
CSB-2023-000165	Chen, Zhuo	EPA officer  I want report the transportation company and Chemical Liquid Tank Wash company: Diverse Transportation and Dana Tank Wash/Dana Transport always use falsification transport documents (Modified Dana Tank Wash Tickets) to deceive the Manufacturer and Shippers to get the transportation business,including transport Food Grade chemical liquid products,which is illegal ,violation and fraudulent, will cause serious safety and health risk, cause product quality issues and chemical contamination in Canada and US, because these two transportation companies has lots of Food Grade chemical liquid shipments.  The reason I sent email to you,is because I checked on line ,the tank wash facility should be obtain the certificate and primarily governed by EPA in US.  So could you please forward to me all of the Tank Wash /Cleaning requirement,Regulations,Industrail Standards etc. related documents? As the chemical liquid tank cleaning need lots of professional knowledge which I don't have.  Sorry for I really need your help! As my Complain isn't for my personal request,it concern the public safety and health in Canada and US ,the artificial contamination from modified Tank Wash Tickets is potential serious risk for the Canadaian food and chemical industry,including worker's health, safety, product quality and transportation risks,I want do my best to find a solution.  I had been searching some of regulations and industry standards about the chemical liquid tank wash cleaning certification,I found the Europe industry standard is much more stringent than Canada and US,their regulations definitely confirm "any alterations to these (last contain) product are considered falsification. "  So I believe Canada and US need legal support to reject the contamination which from transport companies dishonest problem,we need to enact more stringent Regulations to monitor the Tank Wash Companies and transportation companies to prevent the wash ticket fraudulent.	06/12/2023	08/02/2024	Other Reasons Records not Reasonably Described	D(5)

CSB-2023-000216	McMillan, Thomas	Sir/Ma'am, I am making a Freedom Of Information Act Request for an incident that happened in 1996. I am unsure about the date but believe the first to mid-year 1996. I was on active duty and worked in the LO structures shop in the building next to hangar T9. We were involved in LO maintenance operations on the B-2. Our day-to-day maintenance included using extremely hazardous materials and sanding operations using pneumatic sanders creating hazardous dusts resulting in hazardous waste products. We used brooms to sweep up the sanded heavy metal contaminates and materials, creating ingestible dusts. We were new to the B-2 and didn't realize how dangerous the materials actually were. As far as PPE is concerned, my issued respirator was the wrong size and continued to leak, which is officially documented in my medical records in several places and may have caused some medical issues that I am experiencing now.	08/08/2023	07/16/2024	Other Reasons Improper FOIA Request for Other Reason	D(6)
CSB-2023-000217	Rogers, Andrea	I am formally requesting a copy of the full report of the incident in reference to when Bioenvironmental came into our shop and performed random swipe tests for hazardous chemicals and over exposures. Our hangar was immediately shut down and all LO maintenance operations ceased in the hangar. Personnel were instructed to perform the maintenance in other facilities until the levels could be decontaminated and brought down to safe levels for personnel. All doors were secured and approximately 5 of us, to include me, were left to run our tool crib and control the use and distribution of our hazardous materials. The fire department even had our building marked on their base map with a skull and cross bones. It took a few months, but we ended up having to decontaminate our hangar, to include all the walls, floors, rooms, etc. We wore PPE, but I still had to wear my issued respirator that leaked and was the incorrect size. After that, a temporary wall and decontamination trailer was installed into the entry and exit of the contaminated hangar. I appreciate any help you can provide about the incident. Thank You for your time. I look forward to your timely response.	08/14/2023	-	-	-

And there were time constraints to get it done. Operator told PNC they had maybe 5 minutes to get it done. Operator-Myron had only partially closed the one valve when PNC got there. PNC thinks he didn't close that valve all the way, because he was going to shut off the compressor then finish. Operator instructed PNC to close the other two valves. Nothing was locked out or tagged. PNC closed the other two valves as instructed. After closing the valves, they started disconnecting hoses. That is when the incident happened. Pressure in the line blew out the hose, striking PNC in the face and knocking him back and to the ground. /	11/03/2023	-	-	-

CSB-2024-0075	(b)(6)	Honorable Specialists of Government! My name is (b)(6). Against me used WarfareChemical Agents for target to kill me. In Russia I was poisoned by Polonium many times because numbers changed to high; Hafnium, Niobium, "Novichok". I have results of it. By this reason I got disability in 2012 by physical injures. To save my life, I ran away from Russia. Every Country that I crossed with hope to stop violations against me, try to rote the me but it wasn't possible because person, who used it is famous and reach person. Law works for his money. I was sure that Konstitution and Criminal Law by US have more value and power than a money. I was poisoned in NYC near Airport "Guardian" (NYG 2 times and 2 times in Bus stop 10-11 February 2024. With symptoms : pain in stomach > caught > changed vision > pain in nerves my legs and arms I came to hospital. I got results of my blood test that by same points shower for Intoxication by Phosphate group. By confidentially consultations to Toxicologists , they told me guess of Warfare Chemical Agents that can be used against me. WCA is not in Civil use. To recognise it needs specific equipment, technology, knowledge in Military Toxicology. By this reason it impossible to find in regular blood test in Civil Hospitals. 2 days later I was poisoned again in Subway. With symptoms: Vomiting with blood, muscle cramps, changed vision, pain in some of liver, kidney I came for medical support to Hospital. Blood test was in Norma parameters. By my education I got curs "Criminal medicine " that includes "Toxicology". By my opinion must to be some way to proof or not proof guess I f Toxicologists. I have continually pain in legs, in arms, I lost my vision and hearing. I please You help me to find right way to make blood test for WCA.	03/27/2024	07/08/2024	Other Reasons Records not Reasonably Described	D(5);D(6)

CSB-2024-0088	Aamot, Colin	<p>Dear FOIA Officer, Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the implementing FOIA regulations of the agency, I respectfully request the following: Documents sufficient to account for any documents, records, or inventories pertaining to Sensitive Case Reports (SCRs), or analogous document inventories, which encompass comprehensive or top-level details concerning subjects, keywords, or areas of sensitivity pertaining to Freedom of Information Act (FOIA) or Mandatory Declassification Review (MDR) requests, thereby facilitating the monitoring of FOIA or MDR requests that may be deemed sensitive or prone to garner media or congressional scrutiny. Please limit the timeframe of the search from January 1, 2020 to present. Search Instructions: Please limit all searches in response to this Request from January 1, 2021, to the present. Please include the full email chain and attachments relevant to any responsive documents to provide further context. The time period for this request is from 12:01 PM EST on January 20, 2021, to the present date. To further narrow down the scope of the request, requester does not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread. The terms "pertaining to," "referring," "relating," or "concerning" with respect to any given subject means anything that constitutes, contains, embodies, reflects, identifies, states, refers to, deals with, or is in any manner whatsoever pertinent to that subject. The term "record" means any written, recorded, or graphic matter of any nature whatsoever, regardless of how recorded, and whether original or copy, including, but not limited to, the following: memoranda, reports, expense reports, books, manuals, instructions, financial reports, working papers, records, notes, letters, notices, confirmations, telegrams, receipts, appraisals, pamphlets, magazines, newspapers, prospectuses, inter-office and intra-office communications, electronic mail (emails), MMS or SMS text messages, instant messages, messaging systems (such as iMessage, Microsoft Teams, WhatsApp, Telegram, Signal, Google Chat, Twitter direct messages, Lync, Slack, and Facebook Messenger), contracts, cables, telexes, notations of any type of conversation, telephone call, voicemail, meeting or other communication. Please comply fully with 5 U.S.C. § 552(b). Accordingly, without limitation to the foregoing, if any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Moreover, to the extent that responsive records may be withheld in part produce all reasonably segregable portions of those records. Additionally, please provide all responsive documents even if they are redacted in full. This request is primarily and fundamentally for non-commercial purposes. As an investigative columnist and author, my request is in the public interest to inform the public regarding the agency's operations voter issues ahead of the upcoming elections.</p>	05/20/2024	07/15/2024	Other Reasons Duplicate request	D(8)
CSB-2024-0089	Hund, Warren	<p>I am writing to request access to documents and materials related to Chemical Handling and Storage Procedures, specifically focusing on best practices for safely handling, storing, and transporting hazardous chemicals to prevent accidents and exposures. I am seeking training materials, guides, manuals, presentations, or any other documents produced or maintained by the Chemical Safety Board (CSB) that provide guidance on the safe handling, storage, and transportation of hazardous chemicals. These materials may include but are not limited to: Training guides or presentations outlining best practices for safely handling hazardous chemicals in various workplace environments. Manuals or handbooks detailing proper storage procedures for hazardous chemicals to prevent spills, leaks, or other incidents. Guidelines for the safe transportation of hazardous chemicals, including requirements for labeling, packaging, and securing chemical containers during transit. Documents that address specific hazards associated with different types of chemicals and provide recommendations for mitigating these hazards. Any other relevant materials that provide guidance on preventing accidents and exposures related to the handling and storage of hazardous chemicals. I am specifically interested in obtaining comprehensive and up-to-date information that reflects current industry standards and regulatory requirements for chemical safety. If there are any fees associated with fulfilling this request, please inform me in advance of processing the request. I am not willing to pay any fees. I appreciate your prompt attention to this matter and look forward to receiving the requested documents in accordance with the Freedom of Information Act.</p>	05/20/2024	9/30/2024	Other Reasons Records not Reasonably Described	D(5)
CSB-2024-0090	Joyce, David	<p>I request a list of all points of contact or contracting officers and their contact info for both simplified acquisitions and micro purchasing at U.S. Chemical Safety and Hazard Investigation Board covering the entire Agency.
