

## **PUBLIC MEETING AGENDA**

**July 25, 2013 9:30 a.m. – 2:50 p.m.**

**Ronald Reagan Building and International Trade Center, Horizon Room,  
1300 Pennsylvania Avenue, NW, Washington, DC 20004**

### **Morning Session**

- 9:30-9:50                    Opening remarks – CSB chairperson and board members
- 9:50-10:05                Staff presentation: Draft evaluation of Recommendation 2001-05-I-DE-R1 (from Motiva Report). This recommendation deals with ensuring coverage under OSHA’s Process Safety Management (PSM) standard for atmospheric storage tanks that could be involved in a catastrophic release.
- 10:05-10:20               Staff presentation: Draft evaluation of Recommendation 2005-04-I-TX-R9 (from BP Texas City Report). This recommendation calls for revision of the PSM standard to require management of change reviews for organizational changes.
- 10:20-10:35               Staff presentation: Draft evaluation of Recommendation 2010-07-I-CT-UR1 (from Kleen Energy and ConAgra investigations). This recommendation calls for the issuance of a fuel gas safety standard for construction and general industry.
- 10:35-11:05               OSHA comments
- 11:05-11:25               Public comments
- 11:25-12:00               Board deliberations and vote on status
- 12:00-1:30                Lunch break / media availability

### **Afternoon Session**

- 1:30-1:35                    Call to order & introductory remarks – CSB chairperson and board members
- 1:35-1:55                    Staff presentation: Draft evaluation of Recommendations 2006-1-H-R1 (from Combustible Dust Study), 2008-5-I-GA-R11 (from Imperial Sugar report), and 2011-4-I-TN-1 and 2011-4-I-TN-R2 (from Hoeganaes case study). All four recommendations are related to the issuance of a general industry standard for the prevention of combustible dust explosions and fires.
- 1:55-2:15                    Staff presentation: Recommendation to designate the issuance of a general industry combustible dust standard by OSHA as a CSB “Most Wanted Safety Improvement,” under the criteria of Board Order 46.

2:15-2:35	Public comments
2:35-2:50	Board deliberation and vote regarding recommendations and “Most Wanted” designation
2:50	Concluding remarks and adjournment
