**Comments submitted by Member Wright:**

“Rationale: On November 12, 2010 I emailed the Managing Director with a number of questions regarding the draft Action Plan and to date have not gotten a response to those questions. I requested the information so as to make an informed decision with respect to the draft action plan. Most of my original questions remain unanswered. For example, I am concerned about the priority given to the DWH case and available funding to complete some of the actions presented, developing 7 safety videos and holding 7 public meetings. Additionally, I asked specifically about the Strategic plan and the need for Board involvement vice staff in development of it.”
