Comments from Mark A. Griffon related to Notation Items 13-01, 13-02 and 13-04

11/7/12

I have voted to calendar all three of these notation items (2 OSHA recommendations and 1 USW recommendation) since I feel that these are rather complicated and very important recommendations that should be fully deliberated by the Board in a public meeting. I would encourage that we invite the recipients of these recommendations to be available (in person or via phone) at the scheduled Board meeting.
